

EUROGRU AMICI

....un mondo di gru....

....a world of cranes....

**sedi produttive
production sites**

A photograph of an industrial workshop or production hall. In the foreground, the front-left view of a large truck chassis is visible, featuring a red cab and a black trailer. Behind it, several other trucks are lined up, including a yellow one with "IVECO" and "STRALIS" branding. The workshop has a high ceiling with multiple orange overhead cranes. A blue sign on one of the cranes reads "OMIS SPA". Large windows along the left wall provide natural light. On the right side, there are workbenches, storage units, and various industrial equipment. A yellow cart is positioned near the center-right.

OMIS SPA
